## LITTLE INTERVIEWS

—SENATOR COKE: These are truly busy days for an excited ruler of the Elks and a member of the Democratic party in Hawaii.

—INNOCENT BYSTANDER: Governor Pinkham is getting a really unprecedented welcome to Hawaii. It is remarkable how many people are with him.

—JOHN EFFINGER: It is hoped that the banquet at the Young hotel next Friday night will be attended by a non-partisan gathering. It is a general and not a party welcome for Governor Pinkham.

—R. W. SHINGLE: The Republican convention to be called next February will decide whether to promulgate a platform at that time or to adjourn to a later date, closer to actual campaign-time, for issuing its platform views.

Every mother thinks she has the dearest baby in the world. So does the father when the bills come in. Give people what they think they want instead of what they really need and they'll go on their way rejoicing. There would be no more tariff squabbles if it were possible to tax every man in this country according to his own personal valuation.

It is estimated that nearly \$30,000,000 is spent on golf in the United Kingdom every year, and that of this sum about \$12,500,000 goes to the caddies. The number of players in the country is roughly estimated at 250,000.

Articles of clothing from wood fiber are being made in Europe. Sufficient for a suit costs about 50 cents. Clothing made of this material, however, can not be washed.

In two weeks' anti-rat campaign at Kirby, Pa., 6891 rats were killed.

There were admitted to the United States a total of 134,140 immigrant aliens in October this year.

JUMP OF DEATH  
FOR A MARINE

Tragedy marched in the rear rank of a squad of marines, who went from Camp Verry yesterday afternoon to enjoy a dip in the harbor from the Fort Armstrong pier. As the result, Private William F. Harmon lies dead at the Queen's hospital and this afternoon an inquest will be held on his body.

Harmon, in company with several friends of his company, has been in the habit of diving and jumping from the Armstrong dock into the deep waters of the harbor. Yesterday he took the water feet first from the string piece of the dock, and in some unaccountable way struck the surface of the water in such a way as to fatally injure his spine. He was taken from the water by his companions, and rushed to the hospital, where he died at 7 o'clock this morning.

An inquest will be held at the sheriff's office at 3 o'clock this afternoon.

FIELD MEET AT  
FORT SHAFTER  
IS 'BEST EVER'

[Special Star-Bulletin Correspondence]

FORT SHAFTER, Dec. 30.—The quarterly field meet of the garrison of Shafter was run off in record time this morning and in the presence of the entire garrison. Fully 1500 spectators crowded the grandstands on either side of the arena, with a big overflow along the lines. Altogether it was the most entertaining and enthusiastic field day that has been held at the post. This was due principally to the fact that three branches of the service were in friendly rivalry and the excellent management contributed no little to the day's entertainment.

Major H. O. Williams, 2nd Infantry, was the officer in charge with an ample number of assistants, the more important being Lieut. Love, Signal Corps, as clerk of the course, and Lieut. Matheson, starter.

The events in order with the winners in heats follow:

1. 100 yard dash—First heat, Cameron, M., 2nd Infantry, first; Kelly, C., 2nd Infantry, second; Jones, K., 2nd Infantry, third. Time, 10.4-5.

2. 100 yard dash—Second heat, Albion, A., 2nd Infantry, first; Dwyer, G., 2nd Infantry, second; Mackay, D., 2nd Infantry, third. Time, 11.1-5.

3. Mounted wrestling—First bout, Radcliffe, Reet, Det., 2nd Infantry, over Schmidt, Engineers.

4. 100 yard dash—Final, Cameron, M., 2nd Infantry, first; Corpi, Kelly, C., 2nd Infantry, second; Jones, K., 2nd Infantry, third. Time, 11 sec.

5. Mounted wrestling—Final bout, Kaczynski, Co. E, Signal Corps, won over Radcliffe, Mtd. Det., 2nd Infantry.

6. Two-hundred yard dash—One heat of 16 entries. Cameron, M., 2nd Infantry, first; Bernstein, Engineers, second; Rich, Co. L, 2nd Infantry, third. Time, 23.3-10 seconds.

7. Mounted tug-of-war—First pull, Co. E, Signal Corps, won over Co. I, Engineers. Time, 34 seconds.

8. Equipment race—One heat, 14 entries. Peters, Co. I, Engineers, first; Craven, Co. H, 2nd Infantry, second; Zalewski, Co. E, 2nd Infantry, third.

9. Mounted tug-of-war—Final. Mounted detachment, 2nd Infantry, won over Co. E, Signal Corps.

10. Half mile relay race—Five entries of four-man teams. Third Battalion, 2nd Infantry (Cameron, M.; Lee, W.; Benton, K. and Rich, L.), first. Second Battalion, 2nd Infantry, second, and Co. I, Engineers, third. No time announced.

11. Tug-of-war, dismounted—First pull. Won by team of Co. I, Engineers, with five-foot pull over Co. E, Signal Corps in 1:7.

12. Tug-of-war, dismounted—Second heat. First Battalion, 2nd Infantry, won by six inches over Second Battalion, 2nd Infantry.

13. Tug-of-war, dismounted—Third pull. Third Battalion, 2nd Infantry, won over Company I, Engineers, in 40 seconds.

14. Tug-of-war—Final pull. First Battalion, 2nd Infantry, won over Third Battalion, 2nd Infantry, by 3 feet in full 3-minute pull.

Notes.

Cameron's win of the 100 yard final in 11 seconds was a well judged race and in excellent time for such a heavy and unelastic course. His repeat in the 220 was even more notable.

The rooters for the Engineers were there in force and showed vim and loyalty to which their team responded in fine style.

The tug-of-war team of the 1st Battalion, 2nd Infantry, though plainly the lightest in weight of the five teams entered, had been well coached by Lieut. Longenecker and followed their captain's signals to the minutest motion. The team was compounded of Private Sackett, Co. C, captain; Corpi, Torredde, A.; Haley, A.; Faltys, A.; Batmon, A.; Bell, C.; Bell, 2nd C.; Keenard, B.; Rolls, C.; Simmons, C. and Shuck, D.

Corporal Kelly's stumble on the rough ground at the start probably lost him first place in the final of the hundred, though the lengthy Cameron is some flyer himself.

The section of the grandstand reserved for the officers and ladies was well filled and held a bunch of enthusiasm that was noisily displayed.

The mounted tug-of-war team of the Engineers was handicapped by the ruling of the officials that mules did not farm a suitable lot of mounts for a "mounted event."

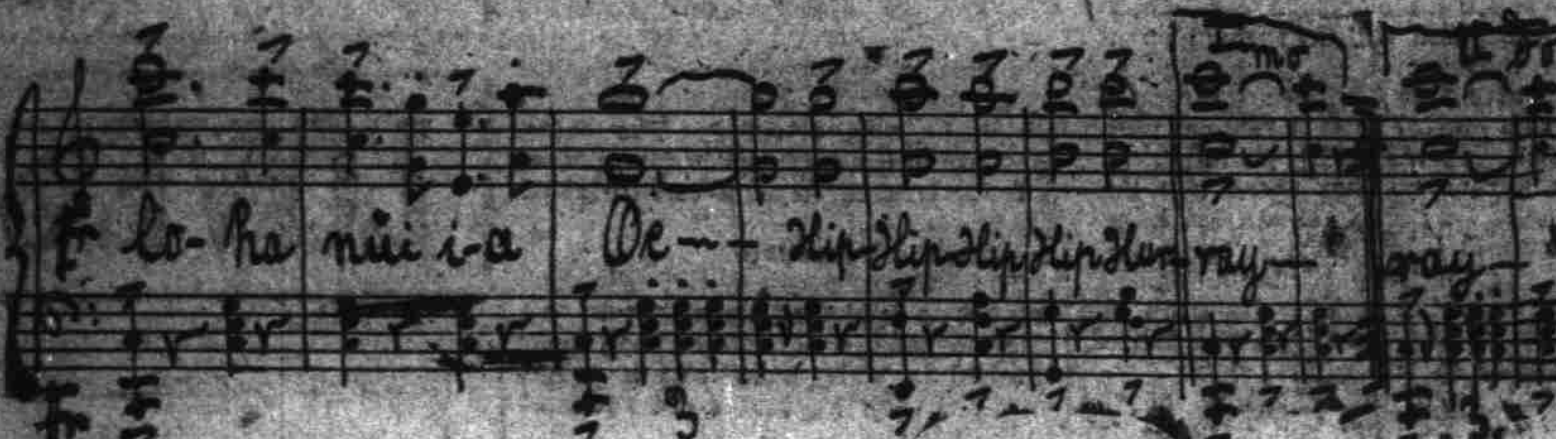

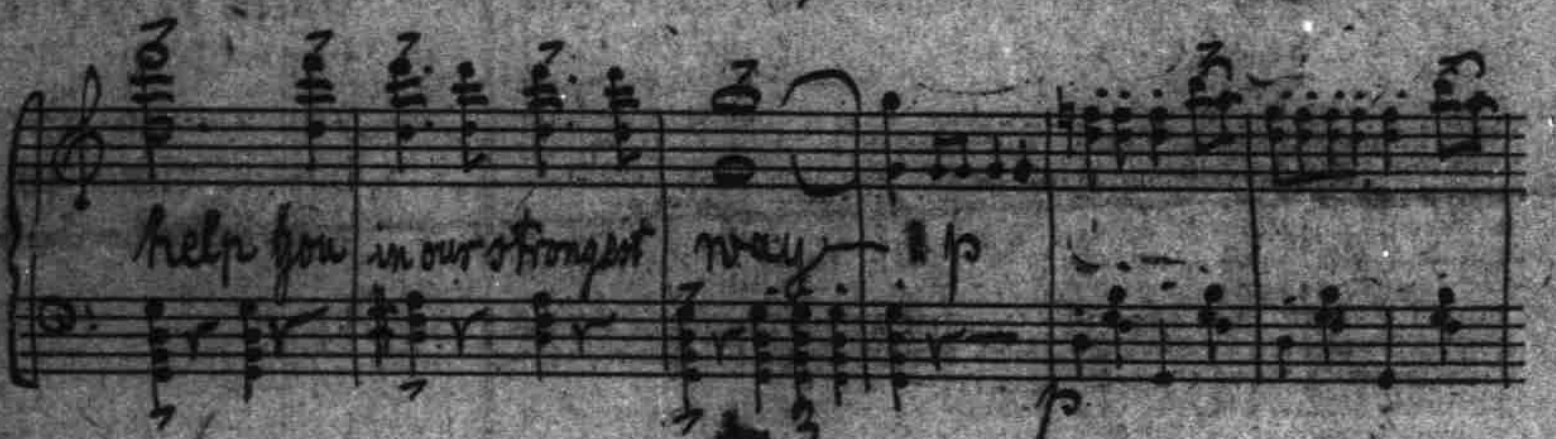

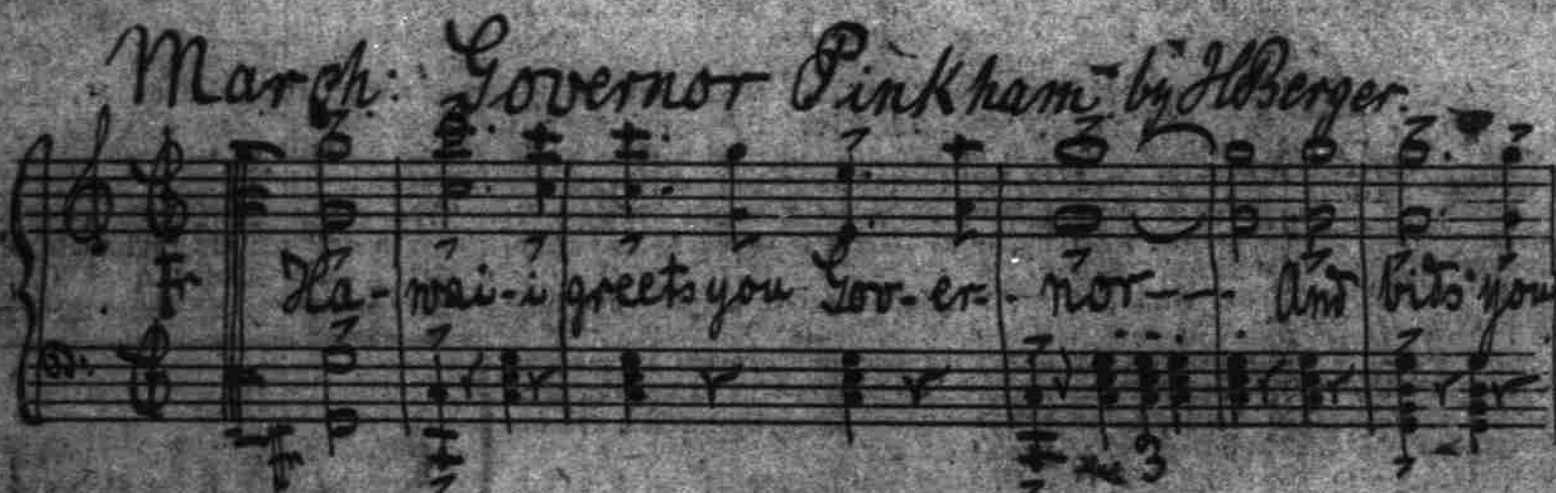

The kiddies of the post lined up after the official program was concluded for an impromptu 1/4 yard sack race which young Master Kerwin Malone, son of Captain Malone, 2nd Infantry, won in handsome style and in really good time. This special race was not limited to the boys, for many of the girls were also in the contest.

Mrs. Frank Martin of Warren, Pa., mother of George Gillespie, who was murdered last September by Giuseppe Di Giola, wants to attend the execution of Di Giola.

Victor D. Brenner of New York, designer of the Lincoln penny, has received an order for a \$50,000 work in granite and bronze for the entrance of Schenley park in Pittsburgh.

Following its prohibiting the common drinking cup in public places, including Sunday schools, the Pennsylvania state department of health is considering abolishing the common communion cup.

Many industrial firms in Germany provide their workmen square pieces of cloth for cleaning purposes instead of the cotton waste that is usual here. The scheme has the advantage of economy.
